Statistical Guidance Disclaimer

CRS assessments provided by Right Path are based on analysis of historical IRCC draw data using median, mean, and standard deviation bands. These calculations indicate where previous invitations occurred and help classify applicants into strong, caution, and high-risk zones.

They **do not represent guaranteed chances of invitation**, as Express Entry outcomes depend on government policy, draw size, program priorities, and pool composition, all of which may change without notice. Final decisions rest solely with Immigration, Refugees and Citizenship Canada (IRCC).
